T. DASARAHALI, BANGALORE

PERSONAL PROFILE

Network and Security Operations professional with 3+ years of experience in enterprise networking, firewall security, Linux systems, cloud platforms, and IT operations. Hands-on experience in monitoring network and security events, incident handling, vulnerability remediation support, and enforcing security policies. Strong analytical and troubleshooting skills with proven ability to work in NOC and shift-based environments while collaborating with cross-functional IT and security teams.

SKILLS & ABILITIES

Technical Skills

- Networking and Security: DHCP, DNS, VPN, SD-WAN, Layer 2/3 Switching, VLANs, NAC, OSPF, RIP, EIGRP, BGP, Firewalls (FortiGate, Sophos, Linux IP Tables), TCP/IP, OSI model.
- Security Tools: Windows Defender, CrowdStrike, EMS, ESET, Tanium, Rapid7, Barracuda Email Security, Microsoft Exchange, Kali tools, Nessus, Nmap, OpenVAS, Wireshark, OSINT framework.
- Security & Compliance: ISO 27001, GDPR, regulatory compliance.
- System & Cloud Administration: Active Directory (Windows Server 2012–2022), Azure AD, Google Workspace.
- Cloud & Backup: AWS, Microsoft Azure, Google Suite, Commvault.
- Operating Systems: Linux, Windows 7/8.1/10/11, Windows Servers.
- Tools & Scripting: Office 365, SharePoint, Basic HTML, C/C++, Batch Scripting, PowerShell, Bash.
- NOC & Monitoring Readiness: Network monitoring, incident management, log analysis, alert handling, coordination with IT/security teams; willing to threats learn Grafana, Prometheus, SolarWinds, Zabbix, and SIEM tools.

Soft Skills

- Team Leadership (led 3 IT support staff)
- Collaboration & Communication.
- Problem Solving & Analytical Thinking
- Time Management & Adaptability

WORK EXPERIENCE

IT EXECUTIVE |09-06-2025 – Present

Schbang – Bangalore

- Monitored firewall and IPS policies to identify potential security threats.
- Analyzed logs and alerts to support security incident investigations.
- Implemented and optimized SD-WAN solutions and QoS policies.
- Administered DNS, DHCP, and wireless infrastructure.
- Coordinated with ISPs, vendors, and internal teams during incidents.
- Maintained documentation for incidents, changes, and audits

NETWORK ADMINISTATOR |10-01-2024 to 06-06-2025

Werner Finley Pvt ltd – Bangalore
- Monitored and analyzed network and security threats using firewalls, endpoints, and system logs.
- Managed FortiGate firewall policies, IDS/IPS alerts, and secure access controls.
- Supported security incident responses including detection, containment support, escalation, and recovery.
- Prioritized and remediated vulnerabilities based on risk and business impact.
- Enforced security policies aligned with ISO 27001 and GDPR.
- Supported patching, firmware updates, and secure configuration changes.
- Implemented secure SD-WAN, VPN, VLANs, and Layer 2/3 routing.
- Coordinated with IT teams, ISPs, and vendors during incidents.

MEMBER OF TECHNICAL STAFF |27-08-2022 to 27-12-2023

Tuxmantra Solution – Bangalore
- Monitored network and security events in Linux environments.
- Analyze firewalls, systems, and network logs to identify anomalies.
- Assisted in security incident investigations and log collection.
- Maintain secure configurations for VPNs, DNS, DHCP, and IP tables.
- Applied firewall rules and access control policies.
- Support routing protocols with security best practices.
- Coordinated with vendors and ISPs to resolve incidents.

JUNIOR NETWORK ADMINISTRATOR (INTERN) |09-04-2022 to 05-07-2022

NetCrew Technology - Kochi, Kerala
- Assisted with routing and switching configurations.
- Supported VPN connectivity and DNS/DHCP services.
- Provided end-user technical support and CCTV monitoring.
- Assisted with Active Directory configuration.
- Performed LAN cabling and network maintenance.

EDUCATION

2013-2014   **SSLC – Kerala State Board of Education**
                   ST. JOSEPH'S H.S.S. MATHILAKAM

2014-2016   **Higher Secondary – Kerala State Board of Education**
                   ST. JOSEPH'S H.S.S. MATHILAKAM

2016-2019   **BSc Information Technology**
                   University of Calicut

TRAINING / COURSES
- CCNA and CCNP
- CISCO ETHICAL HACKING
- RHCSA and RHCE
- MCSA and MCSE
- AWS -Solution Architect Associate
- UTM's and Firewall

ACHIEVEMENTS

Fortinet Firewall Implementation

Successfully implemented Fortinet firewall

Metallic Backup Implementation

Successfully implemented Microsoft 365, File Server, Azure AD backups setup, configuration and monitoring.

Migration Activity

Successfully migrated M365, O365 and Security tools.

LANGUAGES

- English
- Tamil
- Kannada
- Malayalam

PERSONAL QUALITIES

- Flexibility
- Patience
- Ability to work under pressure
- Self Confidence
